EXPERIENCE

Senior Graphic Designer

November 2008 - Present

American Precious Metals Exchange, Inc.

<http://www.apmex.com>

My position involves producing in-house creative materials for the marketing department and managing creative projects. My duties include designing print ads, creating web graphics for banners and email campaigns, animating flash banners, and collaborating with team members to create new marketing campaigns and initiatives.

Project Manager

February 2008 - September 2008

ONEsite, Inc.

<http://www.onesite.com>

My position involved managing several clients for a white label social platform provider. My duties included daily interfacing with clients, managing ticket issues, creating project plans, helping to style networks with CSS, and collaborating with team members to ensure the timely delivery of social networks to clients.

Experience Designer

November 2005 - February 2008

Zoto, Inc.

<http://www.zoto.com>

My position involved providing creative direction and user interface designs for the Zoto.com 3.0 application and website redesign. My duties included collaborating with key team members to plan site features and functionality flows for the application. My duties also involved redesigning the overall site, supplying interface designs and wireframes to the development team in order to support new functionality, redesigning the desktop photo uploader application, preparing graphics, and creating an assortment of template designs for the user interface galleries.

Senior Designer

January 2000 - October 2005

Image Action USA, Ltd.

<http://www.imageaction.com>

My position involved creating designs for interactive sites and print projects. My duties involved interfacing with clients, flash production work, and assisting the interactive department with creating client proposals and managing interactive projects.

Jr. Interactive Designer

November 1998 - January 2000

Digital Preferences, Inc.

My position involved website design and production work for an assortment of clients.

SKILLSET

Adobe Creative Suite 4, Dreamweaver, HTML, and CSS. Some experience working with JavaScript, ASP, Flash Action Script, and XML.

AWARDS & HONORS

Winner of two 2004 ADDYS, a 2004 ADDY Silver Merit, and a 2004 ADDY Bronze Merit

PORTFOLIO
